Important Health Warning About Playing Video Games

Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit or stand farther from the screen; use a smaller screen; play in a well-lit room; and do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

Limited Warranty For Your Copy of Xbox Game Software ("Game") Acquired in Australia or New Zealand IF YOU ACQUIRED YOUR GAME IN AUSTRALIA OR NEW ZEALAND, THE FOLLOWING LIMITED WARRANTY APPLIES TO YOU IN ADDITION TO ANY STATUTORY WARRANTIES:

Consumer Rights

You may have the benefit of certain rights or remedies against Microsoft Corporation ("Microsoft") or its suppliers pursuant to the Trade Practices Act 1974 (Cth) and similar state and territory laws in Australia in respect of which liability may not be excluded. You may also have the benefit of certain rights or remedies against Microsoft or its suppliers pursuant to the Consumer Guarantees Act in New Zealand where you are purchasing this Game for personal use and not for the purpose of a business, in respect of which liability may not be excluded. This Limited Warranty and your remedies in respect of this Limited Warranty are in addition to those rights and remedies (if any), and except to the maximum extent permitted by applicable law, do not limit or exclude those rights and remedies.

Warranty

Microsoft warrants that this Game will perform substantially as described in the accompanying manual for a period of 30 days from the date of first purchase. This Limited Warranty is void if any difficulties with the Game are related to accident, abuse, failure by you to follow any instructions included with the Game, virus or misapplication. Microsoft does not make any other warranty or promise about the Game except as required under your local law, and to the maximum extent permitted under your local law, Microsoft excludes all other representations, promises, warranties, conditions, guarantees, and other terms, whether express or implied, whenever arising, and whether originating by statute, law, trade, custom or otherwise.

Your remedies

If you discover within the 30 day period that the Game covered by this Limited Warranty does not perform substantially as described in the accompanying manual, you can return it to your retailer along with a copy of the original sales receipt. Your retailer will, at its option: (a) repair or replace the Game free of charge, or (b) return the price paid. Any replacement Game will be warranted under this Limited Warranty for the remainder of the original warranty period or 30 days from receipt, whichever is longer. To the extent that you could have avoided damages by taking reasonable care, Microsoft will not be liable for such damages.

Statutory rights:

You may have statutory rights against your retailer which are not affected by Microsoft's Limited Warranty.

No other warranties

To the maximum extent permitted by applicable law Microsoft and its suppliers disclaim all other representations, promises, warranties, conditions, guarantees or other terms, whether express or implied, whenever arising, and whether originating by statute, law, trade, custom or otherwise with respect to the Game and accompanying manual. You may have greater rights existing under applicable laws. Where any term of this Limited Warranty is prohibited by such laws it shall be null and void, but the remainder of the Limited Warranty shall remain in full force and effect.

Limitation of liability

To the maximum extent permitted by applicable law neither Microsoft nor any of its suppliers shall be liable for any damages, howsoever caused, arising out of or in any way related to the manual or to the use or inability to use the Game, or have any liability or obligation (other than as expressly provided for in this Limited Warranty), whether in tort, contract, breach of statutory duty, equity or otherwise arising from the relationship between you and Microsoft or any of its suppliers, even if Microsoft or any of its suppliers has been advised of the possibility of such damages, liabilities or obligations. In any case, Microsoft's and its suppliers' entire liability is limited to the amount actually paid by you for the Game. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages so the above limitations or exclusions may not apply to you.
